User Experience & Interface Design
HTML / CSS
Javascript / React

Team Leadership & Training
Mobile & Responsive Development
Adobe Creative Suite

MY CAREER OVERVIEW

CIVICPLUS Manhattan, KS

Software Engineer I – UI/UX Nov 2016 – May 2020

Contributed to the front-end development and user experience for enterprise software solutions. Designed and built interfaces, created mockups and prototypes, as well as developed and conducted usability tests.

Graphic Designer Jan 2016 – Nov 2016

Helped strengthen the visuals of client websites and mobile applications. Designed comprehensive and responsive layouts, developed HTML/CSS templates, and provided input to web developers to prevent gaps between design and front-end setup.

Lead Web Developer May 2014 – Jan 2016

Maintained quality of work produced by the front-end development team, ensuring deliverables met company standards and best practices. Provided server side web application support and executed front-end setup of client websites.

Web Developer Feb 2012 – May 2014

Implemented front-end setup of client websites, and developed HTML/CSS web page layouts and templates.

MARKETAIDE Salina, KS

Graphic & Web Designer Sep 2010 – Oct 2011

GTM SPORTSWEAR Manhattan, KS

Graphic Designer May 2010 – Sep 2011
